Re: Compliance Evaluation Inspection
 Avalon Acres Farm, LLC
 State Operating Permit No.SOP-06012
 Hohenwald, Lewis County, Tennessee

Dear Mr. Bodnar:

On April 21, 2015, division personnel conducted a Compliance Evaluation Inspection (CEI) at the Avalon Acres Farm, LLC facility located at 750 Piney Creek Road in Hohenwald, TN. A CEI is conducted to determine compliance with the conditions and requirements of the State Operating Permit No.SOP-06012. The following comments are for your consideration:

1. The current permit became effective on June 1, 2010 and shall expire on April 29, 2015. As of the date of the inspection, an application for the renewal of the permit had not been received.
2. This permit allows the operation of a holding pond for the collection of process wastewater from a chicken processing facility. This facility operates on a limited schedule. There was no water in the holding pond on the day of the inspection. There has been no process wastewater generated this year.

It is requested that you notify the division regarding the status of your application for permit renewal within fifteen (15) days receipt of this letter. If you wish to renew the permit, the application can be obtained at the following link: <http://state.tn.us/environment/permits/wqoperm.shtml>. In the event you choose to not renew the permit, submit in writing a request to terminate the permit. You may contact me at 1-931-840-4166 or by e-mail at gary.horne@tn.gov if I can be of further assistance.

Sincerely,

A handwritten signature in blue ink, appearing to read "Gary Horne", is written over the printed name.

Gary Horne
